Dear Harold,

I was touched by
your letter.

Je vous ai compris.
Of course, you are correct.

Jimmy seemed amazed when
I explained to him in a rather
oversimplified way the methodology
of corporate fiscal power.

"The Wall Street Journal" suggests
the state of socialized corporate
Fascism better than any radical
publication.

Few understand.
Bernard Geis has declared
bankruptcy. Grove Press turned
to be on the same route.
Lyle Stuart (right again!)
has published Assassination
and Political Violence by
Albert Ellis and John Galle,
"a psychological study of
Lone Assassins."

Stuart did his Roman's
My Face For The World To

See, the Biography of a Major Case give. Remay Attacks R.F.K. and things in the Marilyn Monroe Relationship.

The Days of M.L.K. Jr., about a poor book, was killed in the media because of the conspiracy angle.

One sentence - if true - intrigued me.

By night (in L.A.) Dr. (Ray) was visiting hypnotists, scientologists, and charlatans. Scientology is a very well financed and remunerative cult with foreign offices. It employs hypnosis and brainwashing techniques to achieve extreme subject control in a form of behaviorism.

If Ray, like Sirhan, did have an L.A. link to a cell of scientologists, please let me know.

Greatness can be a curse as Stendhal knew when he wrote of une minute de gens heureux.

P.S.
Have a good trip.

Best Wishes,
E.C.
